

PRESS RELEASE 27th May 2011

Phoenix Caribbean sign exclusive representation agreement with Marie-Bernard Interior Designs

Phoenix Caribbean are delighted to announce that they have been appointed as the Caribbean representatives for Marie-Bernard Designs. Marie-Bernard offer interior design and consultancy services on a worldwide basis, and have a number of prestigious clients to their name.

Marie Bernard Saline's sophisticated interior-designs reflect her exotic cultural heritage, her travels and her eclectic tastes.

Born in the French Caribbean island of Martinique, Marie-Bernard moved to an ethnically diverse quarter of Paris as a child, which exposed her to a new range of aesthetic influences. Her discerning eye and artistic flair developed further through her early career in the fashion industry in Paris, where she arranged displays for such luxury brands as Versace and Armani.

Moving to London, Marie-Bernard decided to pursue her passion for creating beautiful living and working spaces, studied hard and achieved her qualification in interior design with distinction.

Her established international design practice – based in London - derives its unique creativity from her travels, love of research and ability to absorb, reinterpret and combine ideas. These are key to Marie's skill in creating an original timeless style and inspiring living and working spaces.

To find out more about Marie-Bernard Designs, you can visit www.phoenixcaribbean.com.
