

THE WINDRIDER 17 TRIMARAN IS THE MOST POPULAR MODEL IN THE WINDRIDER TRIMARAN RANGE. IT SEATS UP TO 5 PEOPLE BUT IT CAN ALSO EASILY BE SAILED SOLO.

THE WINDRIDER 17 TARAMAM IS WITHOUT A DOUBT THE IDEAL SAILBOAT FOR **INSTRUCTION, RENTAL AND RESORT USE.**

THE MOST VERSATILE BOAT IN THE WINDRIDER CLAN, THE WINDRIDER 17 HAS FEATURES TO PLEASE JUST ABOUT EVERYBODY.

WindRider 17 Trimaran

The fun and excitement of a WindRider with room for everyone!

Social or Family sailors can spend the day beach-sailing with the spouse, the kids and their friends. The single-line roller-furling jib makes it easy to tune the ride, offering an easy and stable ride for the youngsters or fast and wet for the teens. The 17's shallow draft makes it a natural for swapping rides off the beach, or throw down an anchor and furl the sails to create a huge swim platform with lots of places to grab on to and rest.

Camp-cruisers can pack enough gear for a week-long adventure into the 17's covered, dry center cockpit, or use drybags and pack it on the trampolines and take a passenger as well.

And Performance sailors can add the optional Turbo Reacher kit for an adrenaline rush that'll make the jet-skiers envious.

WindRider 17 Trimaran
